Transition versus Closing

- Prevents closure of a state hospital
- Maintains statewide service
- Services in the least restrictive setting by moving individuals to community
- No completely vacant assets for State to dispose of or maintain. All bonded structures remain in operation
- Diversity of mental health population & ability of each facility to provide appropriate services
- Minimization of disruption in services and community concerns
- Greater efficiencies than closing a single hospital
- Maintain statutory compliance specific to ESH and Carter
Logansport

- Remain a high acuity forensic psychiatric hospital with limited civil beds
- Persons with MR/DD will be assessed for transition to the community
- 110 persons with SMI will transfer to other SOFs
- Capacity: 134
- Maintain approximately 500 employees

**Why such a large impact at LSH?**
- Large population with MR/DD
- Expertise with forensic and high acuity patients
- Significant investment of state funds
Richmond

- Transition adolescent unit to services for persons with SMI
- Shift CA program to community providers resulting in closure of the addiction services building. RFP has been released for community –based services
- Transition persons with MR/DD to community services and convert unit for persons with SMI
- Capacity: 211
- Maintain approximately 495 employees

- Significant impact at RSH is due to the transition of the addiction services program
Madison

- Transition 30 persons with MR/DD to community services
- Receive 30 persons with SMI
- Capacity: 150

Evansville

- Transition 30 persons with MR/DD to community services
- Receive 30 persons with SMI
- Capacity: 168

Larue Carter

- Transition youth from Richmond unit
- Capacity: 159
Patient Future

- Carefully screened for community assignment
- Coordination with BDDS providers for best fit
- Involvement of patients and families
- Patient needs and community safety are paramount concerns
Building Usage

- Other state agencies
- County/city opportunities
- School options
Logansport:
- Close most civil beds (254 beds)

Larue Carter:
Youth from Richmond moved to LC (utilization of 20 Existing Beds)

Evansville:
- Close 30 bed MRDD unit & transition to community
- Utilize 30 bed unit for persons with SMI

Richmond:
- Close substance abuse unit (101 beds)
- Close youth services unit (20 beds)
- Close MRDD unit (30 beds)
- Use 50 beds for persons with SMI

Madison:
- Close two MRDD units (30 beds)
- Utilize 30 beds for persons with SMI
Lay-off Process

• Affected classifications and number of employees needed after the transition have been identified.
• Order of layoff in each affected classification is determined by State Personnel Department through the merit employee retention scoring process.
• Layoffs will occur over a period of several months and will be concluded by 3/1/2011. Each State employee impacted by this transition will be notified of a specific layoff date as those dates are established in accordance with the transitions of patients to new living arrangements.
Next Steps

• Need to provide continuing quality care for patients throughout and following the transition
• Transition planning with patients and families
• SPD coordinating employee informational sessions with benefits section, PERF and DWD
