

The Indiana Council of Community Mental Health Centers, Inc. is excited to announce the promotion of Denise Wade to Chief Administrative Officer. Denise joined us 7 years ago, and has always been a valuable asset to the Indiana Council.

With Denise's new responsibilities, she will focus on a myriad of tasks which include Human Resources, Finance, Council Events and Operations.

"The Indiana Council of Community Mental Health Centers has grown its services and value to its members by increasing its policy team, administrating several grants to its members, increased events, and communication. With this growth comes the need for the staffing infrastructure to help in supporting these items and the mission of the council. Denise Wade has been an instrumental part of the council for the past seven years and has a proven track record of quality work and dedication to the council's mission and values. Join me in congratulating Denise for this well-deserved promotion." - Zoe Frantz, President and CEO

Denise resides in Carmel with her husband Jimmy, and new puppy, Falcon. They love traveling and trying new restaurants (yes, Falcon, too). In her free time, she coaches at a local F45 gym which has prepared her to successfully complete 10 sprint triathlons.

The Indiana Council of Community Mental Health Centers represents the collective interests of all community mental health centers (CMHCS) currently certified and accredited to provide community-based behavioral health services across all ninety-two counties in Indiana.
