

of Community Mental Health Centers, Inc.

2024 POLITICAL ACTION COMMITTEE

Optimizing the health and wellbeing of all people in Indiana through mental health leadership, collaboration & advocacy.

The Indiana Council of Community Mental Health Centers represents the collective interests of all community mental health centers (CMHCs) currently certified and accredited to provide community-based behavioral health services across all ninety-two counties in Indiana.

In 2023, CMHCs in Indiana served over 300,000 behavioral health consumers. CMHCs provide services primarily to those suffering from severe behavioral health and substance abuse conditions which further reduce additional costs to society by directing coordinated care to our most vulnerable citizens.

Along with the consumers served in 2023, CMHCs employed over 15,000 staff throughout Indiana.

We look forward to the 2024 Legislative session, and we have set significant goals! Our focus for this Legislative session are:

- Building support for Certified Community Behavioral Health Clinics (CCBHC)
- Building support for the severely mentally ill and substance use disorder needs within Indiana's criminal justice system
- Building support for the community mental health workforce

With your support of the Indiana Council's PAC (Political Action Committee), our voice will be elevated at the Statehouse.
